RULING ON ENTITLEMENT¹

On March 11, 2021, Brett Cassese filed a petition² for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*³ (the “Vaccine Act”). Petitioner alleges that he suffered a shoulder injury related to vaccine administration (SIRVA) resulting from the adverse effects of an influenza (flu) vaccination received on October 14, 2020. Amended Petition at 1. The case was assigned to the Special Processing Unit (SPU) of the Office of Special Masters.

¹ Because this Ruling contains a reasoned explanation for the action taken in this case, it must be made publicly accessible and will be posted on the United States Court of Federal Claims' website, and/or at <https://www.govinfo.gov/app/collection/uscourts/national/cofc>, in accordance with the E-Government Act of 2002. 44 U.S.C. § 3501 note (2018) (Federal Management and Promotion of Electronic Government Services). **This means the Ruling will be available to anyone with access to the internet.** In accordance with Vaccine Rule 18(b), Petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² Petitioner filed an amended petition on April 19, 2022. ECF No. 17.

³ National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all section references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2018).

On June 21, 2023, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent determined that Petitioner has satisfied the criteria set forth in the Vaccine Injury Table and the Qualifications and Aids to Interpretation for SIRVA. *Id.* at 3. Respondent further agrees that Petitioner "timely filed his case, that he received the flu vaccine in the United States, and that he satisfies the statutory severity requirement by suffering the residual effects or complications of his injury for more than six months after vaccine administration." *Id.*

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
